Medical or Flex Spending Account Information

It's Fall, and that means it's the perfect time for families to evaluate their Medical or Flex Spending Account balances (also known as a MSA or FSA). Money in these types of accounts is normally "use it or lose it" and you'll want to make sure you've fully used all of your available funds or benefits before the end of 2009.

If you are currently in orthodontic treatment with us, we are able to accept additional payments, in any amount, within your companies guidelines to assist you in clearing out your 2009 Flexible or Medical Spending Account. These early payments will simply be deducted from your next scheduled contract payments.

If you are not currently in treatment, we wanted to remind you that orthodontic treatment is an acceptable future expense for reimbursement from your MSA or FSA. Contact us today to schedule a complimentary exam or to set up appointments to start treatment so you can plan for the funds you would like to set aside in your account for 2010.

If you have any questions please contact our Patient Accounts Manager, Michele, at 913-469-9723 or at michele@fryorthodontics.com.
